

**NOTICE OF SPRING ELECTION AND SAMPLE BALLOTS April 7, 2015**  
OFFICE OF THE ADAMS COUNTY CLERK TO THE ELECTORS OF ADAMS COUNTY:

Notice is hereby given of a Spring Election to be held in the several wards in Adams County, on the 7<sup>th</sup> of April, 2015, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of the office, each in its proper column, together with the referendum question(s) submitted to a vote, in the sample ballots below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall state his or her name and address and sign the poll book before being permitted to vote. If an elector is not registered to vote, an elector may register to vote at the polling place serving his or her residence, if the elector presents proof of residence in a form specified by law. Where ballots are distributed to electors, the initials of two inspectors must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her ballot except that an elector who is a parent or guardian may be accompanied by the elector's minor child or minor ward. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate a particular voting choice.

Where hand-count paper ballots are used or tactile ballot marking device (vote-pad), obtain from inspectors, the assistive device and any audio or dexterity aids if required. The elector shall make a cross (X) in the square next to the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the person of his or her choice in the space provided for a write-in vote. On referendum question(s), the elector shall make a cross (X) in the square next to "yes" if in favor of the question, or the elector shall make a cross (X) in the square next to "no" if opposed to the question.

Where touch screen voting systems are used, the elector shall touch the screen next to the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall type in the name of the person of his or her choice in the space provided for a write-in vote. On referendum question(s), the elector shall touch the screen next to "yes" if in favor of the question, or the elector shall touch the screen next to "no" if opposed to the question.

Where an optical scan voting system is used, the elector shall connect the arrow next to the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the elector shall write in the name of the person of his or her choice in the space provided for a write-in vote, and connect the arrow on the write-in line. On referendum question(s), the elector shall connect the arrow next to "yes" if in favor of the question, or the elector shall connect the arrow next to "no" if opposed to the question. After an official optical scan ballot is marked, it shall be inserted in the security sleeve so the marks do not show. The elector shall then insert the ballot in the voting device and deliver the ballot to an inspector for deposit. The elector shall leave the polling place promptly.

The vote should not be cast in any other manner. Not more than five minutes time shall be allowed inside a voting booth. Sample ballots or other materials to assist the elector in casting his or her vote may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

If the elector spoils a paper or optical scan ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initiated by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. The elector may spoil a touch screen ballot at the voting station before the ballot is cast. After an official paper ballot is marked, it shall be folded so the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show. The elector shall then leave the booth, deposit the ballot in the ballot box or deliver the ballot to an inspector for deposit, and leave the polling place promptly. After an official touch screen ballot is cast, the elector shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English, or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector. The following are samples of the official ballots:
